**BELIEFS:** We believe that learning is a continuous life long process that starts in the home and is nurtured in the public school system, with this district providing a positive, safe learning environment.

**MISSION:** The mission of the Lamar R-I School District is to provide quality education for all students that will impact their lives with meaningful purpose and successful direction.

This handbook was compiled with the assistance of teachers, students and the administration. It has been adopted by the Lamar R-I Board of Education.

## **WELCOME**

Dear Students and Families,

Welcome to Lamar Middle School. What you achieve during your three years at LMS will impact the rest of your life. Learning to problem-solve, to find and access information, and to successfully work in cooperative groups with teachers is just as important as it is to memorize facts and formulas. You will have plenty of opportunities to be successful at LMS.

Every student at LMS can expect to be treated with dignity and respect by the administration, teachers, staff, and other students. We value every student and want each of you to have a positive educational experience.

Sincerely,  
Alan Ray  
Lamar Middle School Principal

### PARENT CONFERENCES

Communication with parents is most important to Lamar Middle School. If for any reason, parents want to confer with faculty, counselors, or administrators, they may call for an appointment.

### SCHOOL ATTENDANCE

Every parent, guardian, or other person in the State having charge, control or custody of a child between the ages of seven and seventeen years shall cause the child to attend regularly some day school, public, private, parochial or parish, not less than the entire school term which the child attends. (Missouri School Law 176.031)

The Lamar R-1 Board of Education established the following attendance policy for the Lamar Middle School students.

Parents or guardians are responsible to notify the school office when a pupil is absent, giving reason for absence. Upon return to school the student must check in at the Principal's office to clarify absence records and obtain admittance. An office visit note should be brought if a medical professional saw the student. Any student arriving at school after classes have started must obtain an admit slip from the office before reporting

to class.

Acceptable reasons for absence from school include illness, doctor, or dental appointments, and death of relatives or close associates. Hair appointments, shopping, etc., are not considered acceptable.

Students are not allowed to participate in school activities without special approval from the principal if they are absent any part of the day of the activity. This policy is also in effect if a student is absent the day before a daytime activity. Parents or student must make an effort to receive the necessary approval from the principal as soon as the absence is known.

The student who is suspended from school for a disciplinary reason will have the number of days charged against the total of ten (10) days provided in this policy. However, if the student is suspended for a time exceeding the ten (10) days, he will receive an extension and be permitted to attend classes on a day-to-day basis.

**In a situation of chronic attendance problems a copy of all correspondence will be forwarded to juvenile authorities.**

### ABSENCE FROM SCHOOL

Students will be counted absent from the class period if they are gone more than 20 minutes into the hour. In a situation of chronic attendance problems a copy of all correspondence will be forwarded to juvenile authorities.

Teachers who find students developing a pattern of tardiness to class will initiate a conference with parents to correct being late to school. A plan of action will be developed in that conference to correct the situation. If the problem continues, a juvenile report will be filed

### MAKE-UP WORK FOLLOWING ABSENCE

When it appears the student is going to be absent from school, the parents should contact the school office at 682-3548.

A. Students will be allowed to make up work. Request for make-up must be made prior to or on the day of the students return to class, not days or weeks later. It is the student's responsibility to request this work.

B. Maximum time allowed for completion of assignments will be two days for each day absent.

C. Students who are absent on a test day will take the test on the day they return to class only if the test has been announced prior to student's absence. Otherwise, it may be delayed one class day.

D. Students absent from school on school sponsored trips should contact teachers to make arrangements for make-up work **before** they leave on the trip.

E. Students suspended from school are allowed to make up the homework they missed for the number of days suspended.

### PROMOTION POLICY

Students that fulfilled the requirements of the grade level completed will be promoted to the next grade level. If these requirements are not met, the student may be a candidate for retention. The retention of a student will be based on ability, attendance, maturity level, and reading ability. The decision will be made after a conference with teachers, administrators, student

and parents. An option for promotion may be summer school attendance. Lamar Middle School staff and administration will seek the alternative, which is in the best interest of the students involved and will deal with each situation on an individual basis.

## PHYSICAL EXAMINATIONS AND HEALTH STANDARDS

IMMUNIZATIONS MUST BE COMPLETED AND ON FILE WITH THE SCHOOL NURSE **BEFORE** STUDENT CAN ATTEND SCHOOL

The Missouri School Immunizations Law states that students cannot enroll in or attend school unless they are properly immunized or are exempted and provide satisfactory evidence of such immunization or exemption. If your child has received additional immunizations during the summer, please send the date - day, month, and year - to the school nurse. State law requires that if a child's immunizations are NOT up-to-date, he/she will be sent home.

## HEALTH SERVICES

The Lamar Middle School Health Services Program promotes the health of its students and staff by providing a safe and healthy environment through the delivery of health services. Parents have the basic responsibility for the health of their children; however, since the parents cannot protect their student while in the school environment, they must delegate some of this responsibility to the school. Therefore, it is very important that parents fill out the Health Information Form every year and keep the school nurse informed of any changes in the student's health status.

## ILLNESS AND ACCIDENTS

If a student becomes ill or is injured at school, every attempt will be made to notify the parent/guardian. If the parent/guardian cannot be reached, the student's emergency contact will be notified. It is very important that two emergency phone numbers be provided for your student and that these numbers are kept up-to-date. In the event of an emergent illness or injury, first aid will be given and emergency medical personnel (911) will be called. The parent/guardian will also be notified. A student should not be calling home to leave school. The Lamar R-1 district will not be financially responsible for subsequent treatment or costs incurred as a result of transporting the student to a medical facility. A student who has a fever of 100 degrees (F) or higher will be sent home and may not return to school, or participate in before/after school activities, until FEVER-FREE for 24 hours, without the use of Tylenol, Ibuprofen, or other such product. In addition, students must be free of vomiting and diarrhea, if illness-related for 24 hours before returning to school or activities. Students should remain home for 24 hours after taking the first dose of an antibiotic for treatment of an infection. In the event of MRSA (Methicillin-Resistant Staphylococcus Aureus) infection, the student will be excluded from school if a draining sore(s) is present and the sore cannot be completely covered and the bandage kept dry while at school. Any student with a draining sore who participates in a contact sport will be asked to refrain from that sport until the drainage has stopped. A student with suspicion of a MRSA infection will be referred to his/her licensed health care provider for evaluation.

## MEDICATION

- Parents will authorize school personnel to give medication by completing the "Medication Authorization Form" available from the health office or main office. No

medication (prescription or over-the-counter) will be given at school without this form completed by the parent.

Tylenol, and ibuprofen are kept in stock as medication in the health office and can be given with a parent/guardian signature on the student's Health Information Form (form completed at the beginning of each school year).

- Prescription medication shall be in the original pharmacy-labeled container (pharmacies will issue a "school bottle" for this purpose). Over-the counter medications must be in the original labeled box, bottle, etc. NO medication will be accepted in baggies, envelopes, or punch cards.
- No more than a 4-week supply of medication is to be brought to school at any given time.
- For the safety of students, ALL medication is to be brought to the health office. Students are NOT to carry or keep medication with them, in a bag/purse, or in their locker, unless prior arrangements have been made with the school nurse (ie: life-saving emergency medication such as asthma rescue inhalers or Epi-pens). In the event a student has permission (from school nurse, parent, and licensed health care provider) to carry medication, under no circumstance is the medication to be shared with another student. In this instance, the student will be reported to the building administrator and proper action will be taken.
- The first dose of a new medication will not be administered at school by school personnel.
- The parent/guardian must assume responsibility for informing health office personnel of any change in the student's health or medication dosage.

The state publication of Prevention and Control of Communicable Diseases lists the following school attendance exclusions. This list includes, but is not limited to:

1. **CHICKEN POX:** exclusion of sick child for 4-7 days after appearance of rash: rash should be scabbed over and no fever present.

### CUSTODY OF STUDENTS

Students shall not be released to the custody of anyone except their parent or legal guardian, or person(s) designated in writing by the parent or legal guardian.

### INSURANCE PROGRAM

Insurance is available to all members of the student body. All students participating in athletics must be covered by insurance. This may be his or her own insurance policy or the insurance available to the student body.

### PARENT VOLUNTEERS

Parents are encouraged to facilitate the educational achievement of our students by becoming parent volunteers at Lamar Middle School. Those parents who are interested should contact the principal's office for a copy of the position description.

### SOLICITING

Soliciting is not allowed within the school building or on school grounds.

### STUDENT APPEARANCE

All students are to dress properly for attendance at school and at school functions. Students are representatives of their school and their dress and manner should be above reproach. Hair should be clean and well groomed, and of natural color, not of nuisance to the educational process. Body piercing will not be allowed at LMS due to the health risk that can occur. Only earrings will be allowed. Coats, jackets, book bags, and hats are to be left in student's lockers. Students must wear shoes at all times. Special costume type dress is not permitted unless there is a special day designated. Students who are not properly dressed will be requested to correct their dress.

These things are not considered proper school clothing;

- obscene or suggestive phrases or pictures on clothing;
- bare midriff; halter tops; short shorts;
- phrases or pictures on clothing which refer to alcohol; smoking, or drugs;
- hats; bandannas; sunglasses;
- anything representing gang "colors" or gang affiliation;
- chains, studded bands;
- clothing that is written on, ripped, torn, or has holes;
- clothing deemed inappropriate by school district staff, or clothing which is a threat to the order or safety of the school or students

At LMS, the dress code is intended to insure that students dress respectfully and appropriately for the school setting. We ask students to remember that clothing for school and clothing for recreational activities might NOT be the same. School clothes need to reflect that your child is here to attend to the business of learning.

Specific guidelines that often arise are:

- Shirts must fit properly with no undergarments or inappropriate body parts showing.
- Pants, shorts, or skirts should fit properly with no undergarments or body parts showing (no more than 6" above knee cap).

Students who participate in athletics or other school activities are subject to their coach or sponsor's desire for grooming.

Final decision as to what is acceptable lies with the administration. Students, grades 6-8 will be expected to follow the above guidelines, which were designed for the direct benefit of the student's health, safety, and learning environment.

### STUDENT VALUABLES - USE OF LOCKERS

Each student shall be assigned a locker for his/her use during the school year. Students are not to use any other locker. The student or students occupying a locker are responsible for the contents. **LOCKERS ARE NOT SAFE DEPOSIT BOXES. Do not leave money, cameras, radios, or other valuables in lockers.** Gym bags and book bags must be kept in the student's locker.

Students are cautioned NOT to bring; large amounts of money, cameras, etc. to school. Coats, gym clothes, shoes, etc., should be marked with pupil's name for identification. Students, not the school, are responsible for their personal property. If it is necessary to bring large amounts of money to school, it may be left in the principal's office for safekeeping. If a pupil desires to use a lock, one key (or combination) must remain at the principal's office. The school reserves the right to inspect lockers at any time and may remove any illicit items that the administration feels would obstruct the educational process or create discipline problems. Obscene pictures, etc., are not to be anywhere on lockers.

## **NUISANCE ITEMS AND OTHER ELECTRONIC DEVICES**

Show respect to the classroom teacher and other students by not bringing radios, musical devices, headsets, electronic games, pagers, cell phones, or other toys to school. The principal shall decide to whom the property is to be released. Responsible students who need any of these items for an after school activity, need to make sure all devices are turned off and put away in a safe place from the time you enter the building until you leave the building. Electronic devices may be used only for reading or research purposes at discretion of the teacher.

## **SPECIAL EDUCATION**

The Lamar R-I School District has the primary responsibility for identifying and providing a free appropriate educational program for every handicapped student of school age residing within this district. The term handicapped means these children who are mentally retarded, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, orthopedically impaired, other health impaired, deaf-blind, multi-handicapped, or learning disabled, who, due to those conditions, need special education and related services.

Screening and referral procedures have been established as part of this district's effort to identify all students who may need special services. This district also conducts an annual Census of the Handicapped in an effort to identify all handicapped children and youth from birth to age 21. The public can contribute to the identification of all handicapped children by reporting their names to the local school superintendent. Pertinent medical, psychological, educational, and other such records must be obtained for each student prior to special program placement and shall reflect the handicapped student's level of performance and growth. Each student so placed will have his Individual Education Plan (I.E.P.) reviewed at least annually. An educational re-evaluation shall be provided as often as necessary to assure that the student's file is current and reliably reflects his development and placement. All students in special education programs shall be re-evaluated at least every three (3) years.

If appropriate diagnostic, instructional or support services are not available within the school district, it is the responsibility of this district and the Special Education Cooperative, of which they are a member, to provide the necessary services through a contractual arrangement with a neighboring district or agency.

Assignments of students to special education programs shall be based on confidential evaluation results and educational recommendations. The student's parents or guardians shall have access to the results of the evaluation and participate in the determination of the educational plan. The educational plan and placement must be implemented in the least restrictive setting appropriate to each handicapped student's diagnosed need(s). All data gathered will be confidential as required by section 613 (b) (1) (A) of the Education of the Handicapped Act.

The Lamar R-I School District has on file in the superintendent's office a current copy of this district's compliance plan reflecting policies, assurances, and administrative procedures as required by Public Law 94-142. The plan is available for public review.

## **DISCIPLINE POLICY STUDENT BEHAVIOR EXPECTATIONS**

The LMS Expectations Matrix\* is designed to foster student responsibility, respect for the rights of others and readiness to learn. If these expectations are followed it will insure the best possible learning environment.

Unusual situations will be handled as deemed appropriate by the building principal or referred to the Superintendent of Schools as the circumstance may warrant. The building principal is responsible for assuring that parental or legal guardian contact has been made by either telephone, mail, certified mail or

verbally.

## **SUSPENSION AND EXPULSION**

The school board in any district, by general rule and for the causes provided in Section 167.161, may authorize the suspension of pupils by principals of schools for not to exceed ten days and by the superintendent not to exceed 180 days. Due process as stated in Federal Law will be followed.

Students under suspension are not to be on campus or surrounding area during out-of-school suspension. All class work must be made up during any suspension to receive full credit. ### **STUDENT BEHAVIOR EXPECTATIONS AND CONSEQUENCES**

Such misconduct will generally be disciplined pursuant to the district's discipline policy as if the misconduct had occurred at school.

If tardiness persists students may be assigned in school suspension to rectify the problem.

### **RESPONSIBLE BEHAVIOR ALTERNATIVE**

**Purpose:** To give students the opportunity to take responsibility for their own actions. This, in turn, will allow regular classroom teachers the opportunity to teach and give students the chance to learn.

3. Drivers will check attendance once a month and report passenger changes as they occur.
4. Pupils must be on time: the bus cannot wait beyond its regular schedule for those who are tardy.
5. Pupils are not permitted to leave the bus until they arrive at their destination, except upon written instructions from the principal or parents. If written instructions are received, they are to be initiated by the student's principal.

### **RULES AND REGULATIONS GOVERNING TRANSPORTATION OF STUDENTS**

In order to maintain good behavior and safety for our students, the Lamar Board of Education has adopted the following rules and regulations.

Bus Conduct Report:

1. Bus drivers will issue a conduct report when behavior on the bus warrants such a report. We urge your cooperation with the corrective action taken by this report.
2. In each of the steps listed below, the principal must sign the student's conduct report before the student will be considered eligible to ride the bus. (Kindergarten students will receive additional consideration and further parent contact.)  
The following disciplines will be enforced for misconduct on school buses:
  1. When a student is issued the first conduct report, it will be mailed to the parent. The principal and student will attempt to resolve the situation.
  2. If a second conduct report is issued the student will be allowed to ride home but not allowed to ride the bus for three (3) consecutive days. Notification will be mailed to the parent.
  3. If a third conduct report is issued the student will be allowed to ride home but not allowed to ride the bus for ten (10) consecutive days. Notification will be mailed to parent.
  4. If a fourth conduct report is issued the student and his/her parents will meet with the superintendent and principal. They will reach a decision as to if and when bus privileges may be resumed. The bus driver will meet with the student, parents, principal and superintendent when deemed necessary.
  5. The student and parents ALWAYS will receive a transportation notice of disruption, and have every opportunity to be heard.

Gross misconduct will be handled immediately. In most discipline matters the stipulated steps will be utilized. The administrator may progress to any step as the situation warrants.

### **PROCEDURE FOR STUDENTS CLAIMING DISCRIMINATION ON THE BASIS OF RACE, SEX, CREED, COLOR OR NATIONAL ANCESTRY**

The Lamar School District R-I, in compliance with Title IX of the Education Amendments of 1972, has implemented the following procedure for students claiming discrimination on the basis of Race, Sex, Creed, Color and National Ancestry.

Informal Procedures:

1. Verbal communications of alleged discrimination shall be made directly to the teacher, or other school employee directly involved.
2. Unresolved complaints may be taken directly to the appropriate building administrator after a reasonable time.

3. Complaints not resolved in the informal stages may be presented as formal charges.

Formal Procedures:

1. Students, accompanied by parents, may present discrimination complaints in writing to the school principal. Students and parents or legal guardians must sign written complaints. Written complaints must include the following information: date of filing, description of alleged grievances, and the name of the school staff involved.
2. Upon receipt of the formal complaint the Principal will:
  - a. Forward copies of the complaint to the Superintendent of Schools.
  - b. Make a decision and notify the student, parents, and Superintendent of Schools of that decision no later than ten (10) school days following the filing of the formal complaint.
3. Students and parents or legal guardian may appeal the decision of the building principal to the Superintendent of Schools. The parents and students may arrange a conference with the Superintendent of School at their earliest convenience. Parents and students must appear together and present their written report of the decision of the building principal. Notification of the action taken by the Superintendent will be given in writing to the students, parents, and principal within five(5) school days of the conference.
4. Students and parents may appeal the decision of the Superintendent of Schools to the Board of Education by notifying the Superintendent of Schools of their intent and by appearing before the Board of Education at the next regularly scheduled or special called meeting. The hearing before the Board of Education may be conducted in Executive Session upon the request of either the Board of Education or the complaining parents and students.

### **STUDENT RIGHTS AND RESPONSIBILITIES**

The Board of Education believes that students have rights, which should be recognized and respected. It also believes that every right carries with it certain responsibilities. Among these student rights and responsibilities are the following:

- The right to attend free public schools; the responsibility to attend school regularly and to observe school policies, rules and regulations deemed essential for permitting others to learn at school.
- The right to a quality education; the responsibility to put forth the best efforts during the educational process.
- Civil rights -- including the rights to equal educational opportunity and freedom from discrimination; the responsibility not to discriminate against others.
- The right to free inquiry and expression; the responsibility to observe reasonable rules and regulations regarding these rights.
- The right to due process of law with respect to suspension, expulsion, and decisions, which the student believes, injure his rights.
- The right to privacy, which includes privacy in respect to the student's school records.

It is the Board's belief that, as part of the educational process, students should be made aware of their legal rights and of the legal authority of the Board to make and delegate authority to its staff and to make rules and relations regarding the orderly operation of the district schools. If the policy guidelines adopted by the Board are to be successful, it must be understood that school officials and teachers have the authority to interpret and apply policy in a given situation. Students must obey and such interpretation subject to an appeal.

School is a place where students are encouraged to learn. Standards of conduct are established by the Board of Education to create an environment in which each student's rights to learn is protected. Students and their parent/guardians will be notified of their rights and responsibilities, including standards of conduct, through handbooks, distributed annually. When the rights and responsibilities of individuals are clearly understood, the elements of respect and cooperation will result in the harmonious and constructive education of the student.

#### **FAMILY EDUCATION RIGHTS AND PRIVACY ACT**

##### **Review of Student Records**

An eligible student (18 years of age or older) or the parents/guardians will have access to the student's records under administrative supervision during those times the school is normally in session unless arrangement for another time has been made in writing. The eligible student of parents/guardian has the unique right to inspect the academic record and is entitled to any information recorded on the record. School officials are obliged to define or interpret, but not necessarily justify or defend material contained in student records. Examination of the record will be permitted under conditions, which will prevent its alteration or mutilation.

2. If the eligible student or parents/guardians are in disagreement with the data on the student's record they may challenge the information by the appeals procedures.

3. Staff members who have a legitimate interest and need will be allowed information concerning the record of any student. The principal will insure that such use will be limited to specific needs for providing the student with educational services.

#### **NOTICE OF RIGHTS FOR DISABLED STUDENTS AND THEIR PARENTS UNDER 504 OF THE REHABILITATION ACT OF 1973**

The Rehabilitation Act of 1973, commonly known in the schools as "Section 504," is a federal law passed by the United States Congress with the purpose of prohibiting discrimination against disabled persons who may participate in, or receive benefits from, programs receiving federal financial assistance. In the public schools specifically, 504 applies to ensure that eligible disabled students are provided with educational benefits and opportunities equal to those provided to non-disabled. Under 504, a student is considered "disabled" if he or she suffers from a physical or mental impairment that substantially limits one or more of their major life activities, such as learning, walking, seeing, hearing, breathing, working, and performing manual tasks. Section 504 also applies to students with a record of having a substantially limiting impairment, or who are regarded as being disabled even if they are truly not disabled. Students can be considered disabled, and can receive services under 504, even if they do not qualify for, or receive, special education services.

The purpose of this Notice is to inform parents and students of the rights granted them under 504. The federal regulations that implement 504 are found at Title 34, Part 104 of the Codes of Federal Regulations (CFR) and entitles parents of eligible students, and the students themselves, to the following rights:

1. You have a right to be informed about your rights under 504. (34 CFR 104.32) The School District must provide you with written notice of your rights under 504 (this document represents written notice of rights as requires under 504). If you need further explanation or clarification of any of the rights described in this Notice, contact appropriate staff persons at the District's 504 Office and they will assist you in understanding your rights.

2. Under 504, your child has the right to an appropriate education designed to meet his or her educational needs as adequately as the needs of non-disabled students are met. (34 CFR 104.33).

3. Your child has the right to free educational services, with the exception of certain costs normally also paid by the parents of non-disabled students. Insurance companies and other similar third parties are not relieved of any existing obligations to provide or pay for services to a student that become eligible for services under 504 (34 CFR 104.33).

4. To the maximum extent appropriate, your child has the right to be educated with children who are not disabled. Your child will be placed and educated in regular classes, unless the District demonstrates that his or her educational needs cannot be adequately met in the regular classroom, even with the use of supplementary aids and services (34 CFR 104.34).

5. Your child has the right to services, facilities, and activities comparable to those provided to non-disabled students (34 CFR 104.34).

6. The School District must undertake an evaluation of your child prior to determining his or her appropriate educational placement or program of services under 504, and also before every subsequent significant change in placement (34 CFR 104.25).

#### **STANDARD COMPLAINT RESOLUTION PROCEDURE FOR NO CHILD LEFT BEHIND**

This complaint resolution procedure applies to all programs administered by the Missouri Department of Elementary and Secondary Education under the No Child Left Behind Act (NCLB).

A complaint is a formal allegation that a specific federal or state law or regulation has been violated, misapplies, or misinterpreted by the school district personnel or by the Department of Education personnel.

Any parent or guardian, surrogate parent, teacher, administrator, school board member, or other person directly involved with an activity, program, or project operated under the general supervision of the Department may file a complaint. Such a complaint must be in writing and signed; it will provide specific details of the situation and indicate the law or regulation that is allegedly being violated, misapplied, or misinterpreted.

The written, signed complaint must be filed and the resolution pursued in accordance with the local district policy. Refer to Board of Education Policy KL.

If the issue cannot be resolved at the local level, the complainant may file a complaint with the Missouri Department of Education. If there is not evidence that the parties have attempted in good faith to resolve the complaint at the local level, the Department may require the parties to do so and may provide technical assistance to facilitate such resolution.

Any person directly affected by the actions of the Department may file a similarly written complaint if they believe state or federal laws or regulation have been violated, misapplies, or misinterpreted by the Department itself. Anyone wishing more information about this procedure or how complaints are resolved may contact local district or Department personnel.

#### **PUBLIC NOTICE**

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, highly mobile children, such as migrant and homeless children, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The Lamar R-1 School District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21

under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, mental retardation, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness and young children with a developmental delay.

The Lamar R-1 School District assures that it will provide informational and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program. The Lamar R-1 School District assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The Lamar R-1 School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA). This plan may be reviewed in the Special Education Director's office. Office hours are from 8:00 am to 4:00 pm, during any day that school is in session. Local school districts in the State of Missouri are required to conduct an annual census of all children with disabilities or suspected disabilities from birth to age twenty-one (21) that reside in the district. This census must be compiled by December 1 of each year. This information is treated as confidential and must include: name of the child; parent/legal guardian's name/address; birth date and age of the child; the child's disability; and the services provided to the child. If you have a child with a disability or know of a child with a disability who is not attending the public school, please contact the Director of Special Education. This notice will be provided in native languages as appropriate.
